

## Minds & Models

**Every in-store shopper carries  
100s of **visual data points**.  
We're the first to use them.**

Physical retail is blind.  
They know *what* was bought,  
but not *who* is buying it.

Receipt-only knowledge

*87% **analytics** in-store are collected after payment.*

Untargetable audience

*70% **of marketers** struggle to target & measure offline ads.*

Smaller Basket Sizes

*71% **of customers** expect personalized interactions.*
